Horst Engineering
ATTN: Stanley Livingston
36 Cedar Street
East Hartford, CT 06128

Dear Mr. Livingston:

Thank you for your cooperation during an audit conducted at your facility on September 27, 2011 for the Qualified Suppliers List (QSL) for Manufacturers for Class 2 and 3 Threaded Fasteners. Horst Engineering complies with all QSL requirements identified in our QSL criteria and provisions. Please remember you QSL status expires on August 12, 2012 and a renewal application must be submitted to our office no later than August 12, 2012 to renew your QSL status.

Your company's renewal status is based on the aforementioned audit, QSL renewal application, and quality history. A QSL application can be submitted to our office starting on April 12, 2012. However if your company does not submit a QSL application before August 12, 2012 your company will be removed from our QSL program. Please keep in mind audits may be conducted at any time, either announced or unannounced. Qualification is always contingent upon your continual compliance with DSCP's QSL criteria and provisions.

If you have any questions, I can be reached by telephone at (215) 737-9020 or by e-mail: alonzo.miller@dla.mil.

Sincerely,

A handwritten signature in dark ink that reads "Alonzo Miller".
